Display the Majesty of a Grand American Estate. The Yellowstone is a majestic Craftsman Mountain Lodge that evokes the power and spirit of its wilderness namesake. Its broad, wraparound porches, columns, bays, brackets, shingles and stone create a timeless image of strength rising from the landscape. The open floor plan is centered on a monumental great room hearth, a symbol of warmth and family connection. Spacious formal and informal living spaces, a grand kitchen, library, guest suite and mud/laundry room comprise the main floor. The second floor contains a private luxury master suite, two large secondary bedrooms with ensuite baths and walk-in closets, and an oversize bonus room. The surprise third-story office is a flexible space that can be adapted for a variety of uses.
